Tallgren Fieldworks

Scheduling for field service teams that are tired of spreadsheets

What it does

Tallgren plans each technician's day from the jobs that come in, their skills and the drive between sites, and moves the plan when a job runs long.

Who it is for

Heating, ventilation and lift service companies with 10 to 200 technicians.

Results our customers report

- 2 more jobs per technician per week on average
- 31 percent less driving between sites
- Dispatchers spend 6 fewer hours a week on the plan

Price

From 29 euro per technician per month. A 30 day trial, no card needed.
